### **ASHO-Trained Auditor Becomes First Public Solo NOTS™, New OT VII Completion**

A new era in mankind's spiritual history opened when the first public person to complete New OT VII, Solo NOTS advanced spiritual healing technology for OTs, completed, attesting to the full astounding Abilities Gained for that stellar level.

The first completion was Class VIII Auditor Betty Filisky of Arkansas. Betty did the Saint Hill Special Briefing Course at ASHO.

The top of the Grade Chart is WIDE OPEN!

This milestone is a tribute to L. Ron Hubbard who has given Mankind the first and only route out of the dark trap to brilliant personal spiritual freedom and OT abilities!

In her success story Betty said,

"Indeed it is astounding as a level!

"You already know the actual growth, understanding, gained along the way are priceless. This is all LRH ever promised and then some! The true Age of Miracles has only just begun!

"Life around me is alive. Strangers just smile as their discordants fade away! My postulates are working without all the self-created barriers. There is a surety of self as never before and a surety of my intentions. My universe is mine.

"How I did it is not a secret. *I audited consistently!* Lots of hours, that's the key. The miracles are there for the taking to those who have earned this level... all you have to do is DO IT!

"When I started the level I realized that it is a privilege, but there is also a responsibility to get through it. Personal self-disciplined control gets the barriers out of the way.

"Frankly, on this level I have valued my training as never before. The real message is: It is here for the doing.

"LRH has cared enough to provide the way. You only need to travel the path!

"There is a wonderful adventure open to all of us..."

**Y**ou are very fortunate people. You are very very lucky people. You came all the way down the track, lived all those years, did all these stupid things, and you wind up here with a chance out.

That chance is as good as you can audit. It's not a bit better.

The best way and the most sure fire way to get to be OT, then, is to be a top-rank auditor, for various reasons, including the aplomb it takes to confront the bank.

New people—you can make them well. It's well worth doing, nothing wrong with that at all. You can make a marriage run better and a kid be happier, and you can make life tenable, and so forth. But actually you have to know how to audit well in that direction just to make life tenable enough for you to be able to go through to OT. A non-Scientologist is so surrounded by confusion that their present time is insufficiently calm for them to have any progress in the direction of OT.

When you look up the line on that and get a real view of the situation, you realize where you are and where you sit. You're right up in the front seat of the first breakthrough that's ever been made in this universe on the subject of the road out, the way through.

You're fortunate to have moved into the situation that you're in. The only thing I can ask you and point out to you is that you're in a position where you shouldn't waste any of the potential which you have immediately at your fingertips. You shouldn't waste any part of that.

Training is definitely, definitely, definitely a part of the route to OT. Definitely. This is something that is not "nice" to be a part of. This is something that is a *vital part* of becoming OT.

# Focus on Success – ASHO Students on the Bridge to full OT!

Briefing Course Theory Students Roger Pace and Dan Katz

**I** started the Hubbard Personal Ethics and Integrity Course, and was on course as a part time student. I took a leave of absence and came back to finish. Today I am finishing the course.

To understand how valuable this course was to me, you have to understand where I was at when I first started this course.

I had been in a rut for my 7 years in Scientology, making some progress, but not much. Deep down, however, I knew there was something to all of this Scientology stuff, and I cognized that I needed to improve my ethics personally. Thus, I scraped up enough money to buy the course.

I took my time on my course — but I had a few things to handle.

And handle them I DID!

So, I got a profession that made money for me, paid for my *Bridge* [Grade Chart] up through SOLO NOTS [advanced religious counselling], and have paid for half of the BC so far.

I've also gotten up to NOTS [advanced religious religious counselling], and will be going soon to Flag for OT 6 and 7.

Having completed what was vital in my life after my first time on the HPE and I, I went back onto course this year — this time to COMPLETE.

It is extremely valuable data for any OT being let alone any individual who is making it not go right in his life.

And as if the course was showing off, as I was just about to wrap it up, my vision improved — not just a little, but enough to require new glasses soon — or if my vision continues to get better, none at all.

This course has saved my existence.

I deeply thank LRH for this tech, and my supervisors and twins.

— Loren W. Troescher (Jr)

Learning truth — everyday while on course, coming into a sapce that takes one totally out of the MEST Universe and into the theta and other universes is bound to totally change one's life for the better. It can act as an auditing process and blow off aberrations on all dynamics and confusions and *entheta* in life one encounters. The material I studied will be with ME forever for use no matter where I go or where I am. This has been a

Thank you Ron!!!!

— Ellen Price, Saint Hill Special Briefing Course Graduate.

An incomparable moment.

Surpasses significance. Surpasses aesthetics. Surpasses.

This is the cycle I came into Scientology [applied religious philosophy] to get. To be able. To be able to help others — I love mankind. I love life. I have wanted always to contribute, to make a major contribution.

And Ron has shown me the path to be of service. It is a great honor.

For 27,492 years I have looked for this.

Thank you, Ron.

The journey is well begun.

— Clark Carr, Saint Hill Special Briefing Course Graduate

As a result of the Class VIII Course I feel I have KSW [Keeping SCIENTOLOGY Working] now engrained in my thetan.

I have been for eons trying to undo what I failed to prevent on the track many many millions of years ago.

This lifetime as a child I'd have nightmares of that catastrophe and knew if I could just get past that occlusion, I'd have it, something...

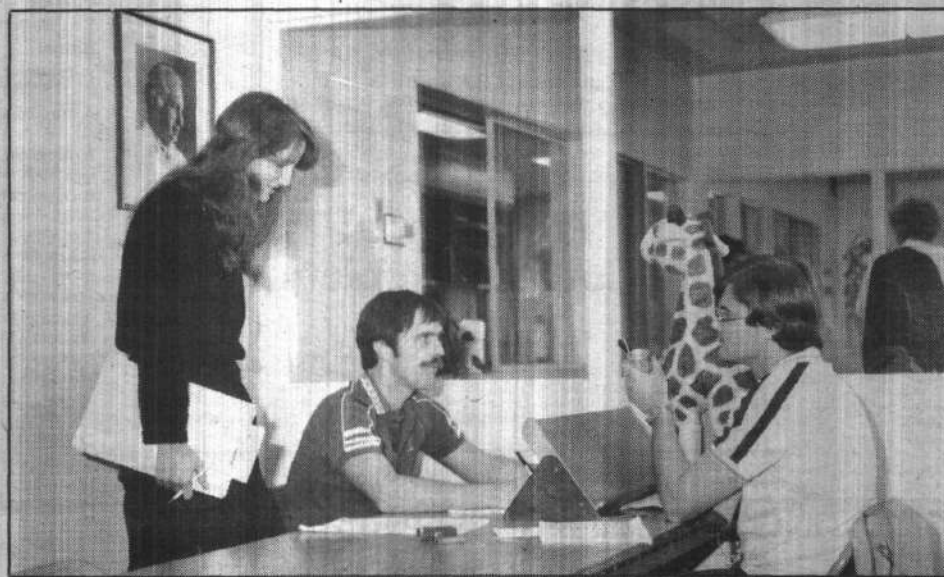

And when I got into SCIENTOLOGY [applied religious philosophy], I knew I'd made it. I had a huge sigh of relief that I'd made it and no sooner did I realize that, then I said my God I've got to get every-one else to make it!

And so here I am. I now have the tools with which to do that. This dramatizing psychotic ball of discombobulated beings known as Earth is in dire need of unravelling, and in my reality would've "unravelling" in an explosion already were it not for LRH and Scientologists.

And with the VIII Course under my belt, I now feel as a custodian of the tech that I can grab my hat as Ron would have me wear it and help him in freeing all the beings in this universe.

I thank Ron from the bottom of my heart for this hat and tech and those who helped me thus far.

— Hara O'Hare

The Briefing Course Practical Supervisor looks over a drill. Students are Marty Prince and Larry Milligan.

In reviewing the data I had already read, and reading and applying the rest of the course, I learned a lot, and with my knowledge of the upper levels found myself having high case gain per LRH issue, and blowing charge left and right.

I now understand ethics tech. I can, and have applied it to friends and associates in my walks of life. It works.

Ethics tech takes quite some skill and understanding of the mind, and the thetan.

very high connection to Source listening to LRH daily and learning the truths and natural laws of life and what is occurring on this planet. This course is so special — I can't even describe it in words.

## What are the Reasons For Totally Successful Auditing? The answers are on the Class VIII Course!

**W**hether you're auditing yourself on the OT Levels or giving others the freedoms available with the standard application of SCIENTOLOGY and DIANETICS Tech, you want to guarantee you get great results! That takes holding the viewpoint of being *uncompromisingly standard*! And that is what is taught on the Class VIII Course!

This special course is so high powered students starting it must be fully interned Briefing Course Graduates. It contains the data a *Scientologist* needs to know to ensure 100% Standard Tech is being delivered in his area. The 19 confidential Class VIII tapes and the Class VIII Bulletins are all on a checksheet that is PURE LRH. And no wonder. Class VIIIs audit from Ron's viewpoint and as a result auditing becomes *much* smoother (the first public completion of new OT VII is a Class VIII) and Class VIIIs know it is possible to reach 100% Standard Tech.

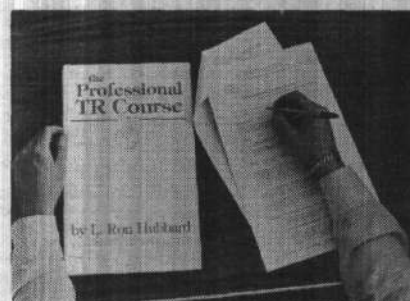

### New OT IV Material Covered on Checksheet

Now the incredible Class VIII Course also includes the material of New OT IV — the OT Drug Rundown — and Class VIII Students may co-audit this material! (Auditors who are already Class VIII may retread on the new checksheet and do the co-audit as well, if they donate for their Class VIII Internship and audit in the HGC.

The knowledge and skills that are a Class VIIIs are for everyone who wants to be an operating thetan and survive! The Course is taught at ASHO, home of upper level training. Call the ASHO Day Registrar at (213) 665-9547 to enroll and set your date for arrival.

# Students at ASHO take Advantage of the Training Route to OT

advanced religious counselling

**C**ourse rooms at ASHO are filled and busy! Here top auditors are being made daily, standard auditors to help Clear the planet FAST! Here also students are moving well along on their route to the OT Levels. LRH has made the TRAINING route to the OT Levels full of tremendous advantages that you can reap by getting on course now and becoming an auditor. Read on to learn how training can speed and smooth your journey to and through the OT Levels!

**"Training . . . is the most positive assurance there is that you will make it to OT."**

— LRH (in HCOB "Training and OT")

Auditor training gives you important skills and data you need to audit yourself on the upper levels! Ron says (in "Training and OT"), "You owe yourself the best auditor in the world on Solo, and that is you."

"So get trained."

There's more than just giving good sessions to getting trained, too! There's also the ability to control your environment and not be thrown off when things get rough! And auditor training puts the tools in your hand to *handle* situations and help people so things go better. LRH says, in *Ron's Journal* 37 "IF YOU KNOW THE TECH, IT WILL PROTECT YOU."

"You do not even have to believe it works. If you really know the true tech, no one and nothing can hurt you or demean you in the ages to come. . . . It means of course that you yourself must more than whiff at the bouquet of tech. It means hard and earnest study and precise application for only those will bring it into full bloom in your life."

**"The fairest, cheapest way to get auditing is to get trained and then co-audit."**

— LRH (in HCO PL "Booming an Org Through Training")

Co-auditing is short for co-operative auditing. In co-auditing, you audit another and then you turn around and he or she audits you. This makes the auditing less expensive as you give auditing as well as get auditing. You do professional co-auditing in connection with Professional level training, and can co-audit under the standard guidance of the Church or Organization Case Supervisor, to ensure the auditing is in-Tech and as a result you and your co-auditor are both winning and making good headway up the Grade Chart.

Co-auditing can be done on almost all SCIENTOLOGY and DIANETICS auditing actions right up through to the start of the OT Levels. So this is a tremendous opportunity for you to get lots of auditing at low cost, while gaining lots of valuable "in-the-chair" experience as an auditor!

One other great advantage to co-auditing is being able to really repay your auditor for the gains you have. Ron says (in taped lecture "The Skills of an Auditor"), "... when you are dealing with the *value* of auditing, you'll find it's not something that can be valued. . . . to put any value to it would be to undervalue it! . . . Only a Scientologist can truly pay a Scientologist. He can co-audit with him. You audit them, they give you some auditing in return."

**Professional Rates — A Validation for Being an Auditor**

When you want to get professional auditing, if you're on a professional course or hold a valid professional certificate (Class IV or higher for a Class IV Org, Class VII or higher for ASHO, Class VIII for AOLA) you may get professional rates in the HGC! Ron says, "It has always been my intention to make Scientology available to all, but first and most especially to the able who can and will help in getting our job done."

"That puts auditors and those reaching to become auditors first on the list for deserving of special consideration in regard to fees for service. These are the most valuable beings on the planet, and they are needed in volume if we are to clear people on a planet-wide basis."

"Therefore, to encourage auditor training and to assist auditors in getting their own processing, special rates for HGC processing exist for auditors and student auditors."

"Professional rates are defined as:

**"50% OFF THE FULL PUBLIC PRICE OF THE HGC SERVICES PURCHASED."** (from HCOPL "Professional Rates")

Get details on the advantages and requirements of professional rates for you — write the Letter Registrar at ASHO Day. She'll be glad to send you full information.

**The Saint Hill Special Briefing Course — "The course was begun . . . To assist people who wanted to perfect their Scientology."**

— LRH (in HCO PL "Special Briefing Course")

**O**n Solo levels you deserve the best auditor you can get. You.

Auditor training is highly recommended whether you plan to audit professionally or not. "Getting trained", as a Solo auditor, does not simply mean to do the Solo courses. Training up to the level of a Class IV/NED auditor who knows his business is the most positive assurance there is that you will make it to OT.

It's all right for these guys in lower grades to be pcs — that's fine. But there comes a point as you move up the Grade Chart when your lack of auditing skill starts hitting you in the teeth and you won't make it to OT at all. You're walking straight into the tiger's lair on New OT VII and you'd better be good!

Recently some Solo NOTs auditors reported that they were just giving themselves a session a week "to keep their ruds in". What was actually occurring was that they were trying to make it to OT without being sufficiently trained, and giving as an excuse that, well, they're just keeping their ruds in. If those Solo NOTs auditors knew what was ahead of

them up the line they sure would not be monkeying with that.

The plain truth of it is, if anybody is really going to make it to OT he has to know how to audit. That's the long and short of it.

You wouldn't put yourself and your case in the hands of an untrained or poorly trained auditor, would you?

You owe yourself the best auditor in the world on Solo, and that is you.

So get trained.

FOUNDER

# NEWS FROM AROUND THE WORLD

## Scientists Hear Latest Tech News at Los Angeles Event

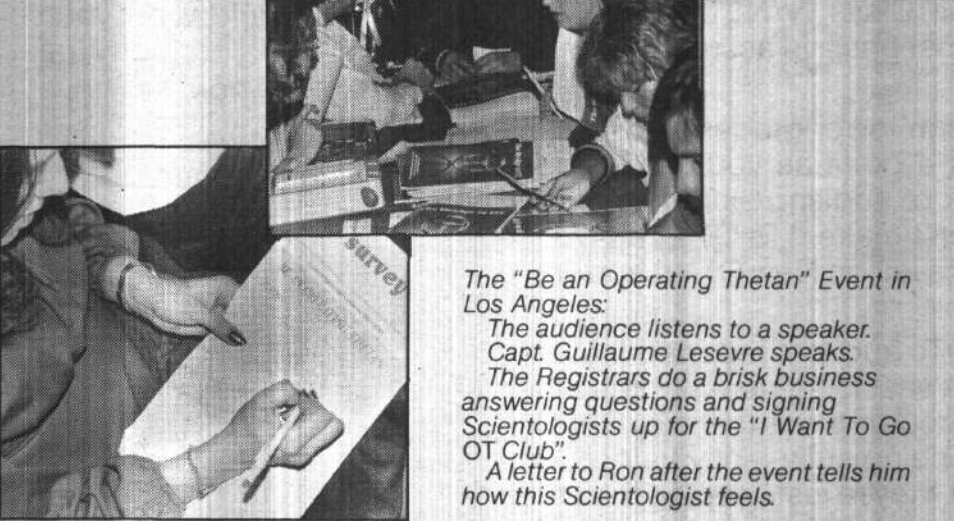

On July 22, over 3800 Scientists packed into the huge California Ballroom at the upstart Bonaventure Hotel in Los Angeles to hear important news. It was "standing or sitting-in-the-aisles room only" as the Southern California Scientists listened to the announcement that an ASHO trained auditor was the first public New OT VII, and, to speed others up to OT, the "I Want To Go OT Club" has been launched.

At the event, the president of the Church of SCIENTOLOGY International, Heber Jentzsch, let the cheering crowd know (if they didn't already) the psychs are on the run and we are winning!

The tape of the first public New OT VII's success story was played, the "I Want To Go OT Club" was announced, and a NOTS Auditor brought news that a new Class VIII check-sheet was being issued that included the New OT IV materials and that Class VIII Auditors could co-audit this level, the OT Drug Rundown!

Executive Director International, Captain Guillaume Lesevre, was on hand to speak and urged everyone present to get themselves swiftly up the Grade Chart to the OT Levels. He ended his speech with an introduction to Ron's *Journal '67* which was then played with a slide show featuring many rare photos of Ron ranging from the time he was a young boy. The slide show brought down the house and Scientists crowded the "I Want To Go OT Club" representatives to sign up and receive the benefits of membership.

You can receive your "I Want To Go OT Club" application from the club consultant at ASHO Day. Call or write him at ASHO DAY, 1413 North Berendo St., LA CA 90027 (phone 213-660-5553).

The "Be an Operating Thetan" Event in Los Angeles:

The audience listens to a speaker. Capt. Guillaume Lesevre speaks.

The Registrars do a brisk business answering questions and signing Scientists up for the "I Want To Go OT Club".

A letter to Ron after the event tells him how this Scientist feels.

## Long Distance Runner Uses Tech to Win Races

There is a special breed of long distance runner to whom a marathon (a race of exactly 26 miles 385 yards) is a *short* distance on foot. These are the "ultra-marathoners." One of the top runners of the world in this field is Scientist John Radich of Lakeport California. Recently he placed 10th out of a field of 50 in the exclusive 500 mile Sidney to Melbourne race—a race where there are no set rest periods but each runner, to win, has to keep running as long as possible through day and night. The race officials were very impressed with the running John did—this was the first time he had run in a race of over 100 miles—and asked him back for the next year's race.

One of the most noticeable features of John's participation, of course, was his use of DIANETICS and SCIENTOLOGY Tech. Just prior to the Australia race, he had an accident and severely hurt his leg so that he could only walk limpingly and was in pain. He was sure he would have to cancel out of the race, but after a day and a half of intensive SCIENTOLOGY assist auditing he was ready to go. He reports that the SCIENTOLOGY processing so handled the spiritual aspects of his injury it was improved enough so he was able to run without it being a problem at all!

John was sponsored in the race by DIANETICS and wore a DIANETICS T-shirt for most of the race, which attracted considerable attention. John says along the way he got touch assists and localizations and Cal-Mag to help him through the roughest spots. He reports "I couldn't have gotten as far as I did without the tech! Localizations kept me alert when I'd begin to go down after miles and miles of running."

"I'd be in a mess of pain, the body out of it. Well—a touch assist, a localization, two

way comm, Cal-Mag! I could go out and run another 10 hours! Or more."

John says that he learned very much during the race and "with the LRH's Admin and Tech, we can win it next year."

In the meantime, John will soon be moving on his training, beginning with the Pro TR Course!

## Trained Scientist Handles Busy Career

SOLO NOTS Pre-OT Bob Grey of the San Francisco area is handling several projects at once—in addition to his SOLO NOTS auditing, he's on the Academy Levels at the San Francisco Church, operates a successful franchising business, is active in the Rotary Club (a businessman's service organization) and recently began operating a SCIENTOLOGY Mission!

Of course he uses his SCIENTOLOGY training both in tech and administration to keep all of his projects going. "I basically operate my business by statistics and conditions, and of course we have an Org (organizing) board," he reports.

His tech training, Bob reports, is "actually invaluable. The understanding of the mind gives me an incredible advantage. We've been able to do things with this franchising company that we were told were impossible—like make a profit."

For the Rotary Club in his area, Bob set up the "Org Board" and Admin Scale for a special foundation of which he served as chairman that has been formed to solicit funds from businesses for drug abuse prevention programs. This non-Scientologist, according to Bob, appreciate the SCIENTOLOGY tech used and think it's great.

In addition to keeping his other projects going Bob has kept his Mission really expanding. It is currently among the top ten Missions on the planet! At his Mission Bob promotes the training route to OT states heavily. He says about his training: "I couldn't imagine functioning without it to be real honest. It makes my wins as an OT being stable you know. I not only have the ability and the potential of an OT being, but I can understand what's happening with me and the world around me."

"I feel that in my business and the Mission and so on, there's been an incredible amount of stability added by the combination of training and processing and I am a firm believer of both. In fact at the Mission we have people, some very upstart people, who say, 'Well, I just want to get audited, you know.' Without exception I tell them that's not the way to go. They have to make time in their life for training. That's where they're really going to get the benefits of the freedom they're gaining from auditing."

Both Bob and his wife, Louise, plan to do the Saint Hill Special Briefing Course to continue their training.

As Ron's tech is gotten in into the world faster and faster, news of wins pour in from all over! Here is a sampling of the latest news, created by Scientists interested in bringing about "a civilization based on human understanding, not violence," (by LRH, from Ability Magazine Issue 72)

**DIANETICS: The Modern Science of Mental Health on Bestseller Lists around the World**

DMSMH is now the #3 bestseller in Italy and is getting lots of press coverage.

## Commercial Director, Class II Auditor, Wins Major Award

Mitchell Brisker, director of commercials, recently won a Clio award (the equivalent of an "Oscar" in the advertising field) for best computerized animation, for a commercial he designed and produced. Mitch is a Class II Auditor.

Mitch emphasizes the importance of training to his work—as an artist he feels training has given him stability he greatly needed in his life. In his own words, "Being an artist on this planet is kind of like having your head pinned down under enemy fire, so it's good to have some communication tools. I have to deal with

An Italian book club has been contracted to publish it as a January selection. In Germany as well, it has reached best-seller status.

More international news—the DIANETICS book is about to be published in Brazil, a contract is in progress to publish DMSMH in India, and the first edition of DMSMH in Hebrew was recently released! And of course in the US it continues on the bestseller lists—it is high on the lists of the largest bookstore chains, and more distributors have been closed to carry DMSMH, which means the books will be stocked more and more in local supermarkets, drug stores, airports, etc. One bookseller who carries DMSMH and has also read it writes about its popularity in her community:

"When you read *Dianetics* [you know] you're not alone. You can do what you want to do, be what you want to be. It's inspiring."

"People are always looking for a solution. I've gone to laundromats in our area and seen people reading it, very excited about it. . . . people say—'Have you read this? This is a wonderful book! You don't read it once, you use it for reference."

"Sales are steady. It is reordered on a constant basis."

**The Way To Happiness Campaign Booming!**

By the end of 1983 over 3 million copies of Ron's booklet, *The Way To Happiness* had been distributed. This non-religious Moral Code based on common sense has started to bring sanity and stable data to many areas of society!

**Campaign Goes International!** Wins are coming in from all over the

world about excited people passing the word along about this amazing booklet.

— A "Statue of Happiness" measuring 30 feet tall was erected in the town of Teignmouth, England to honor *The Way To Happiness*. The sculptor's aim is to give children a symbol of happiness, with the message that living one's life by a moral code is the way to happiness. The statue contains a quote from "The Way To Happiness."

— Scientist Paul Rood ran a 7 day 200 mile marathon from Amsterdam to Brussels as a "Run for Peace"—a marathon that promoted a better world through *The Way To Happiness*. On the way he was welcomed by government officials—mayors, head of a Dutch political party, staff at the American and Russian Embassies, and NATO headquarters, where he handed out *The Way To Happiness*.

— A Priest in Rome organized children to distribute the booklets.

— A government official in Zaire (Africa) gave a lecture on ethics, morals, and *The Way To Happiness* to 500 political trainees and the press.

— "Parents of Watts", a group of Los Angeles Watts district parents, has organized a campaign to distribute over 40,000 copies of *The Way To Happiness* throughout their neighborhood in an effort to give youth and adults a guide to happier living, which the booklet contains. The president of the parents group says she noticed a change in the community since the books have been distributed. According to her even police and community leaders have mentioned the change.

She says, "Everyone we gave booklets to expresses their appreciation. Teachers, parents, clergy, and the citizens here have all wanted extra copies for their friends so they have joined us in the effort to get the booklet in the area. We already have requests for over 25,000 copies."

## Hotels in Los Angeles Supplied with The Way To Happiness

Over 400 hotels and motels in the Los Angeles area have been donated *The Way To Happiness* booklets. Over 25,000 rooms carry the booklet specially packaged in a "Welcome to Los Angeles" gift wrap featuring a silhouette of the Los Angeles skyline. Both managers and guests like having the books available. (One manager even required his staff to read it. Among the many "Thank You" responses from managers are these: "We have received your booklet. My guests have read it and when I ask them how they like it, all the comments are positive."

"I have them in all the rooms and in the lobby."

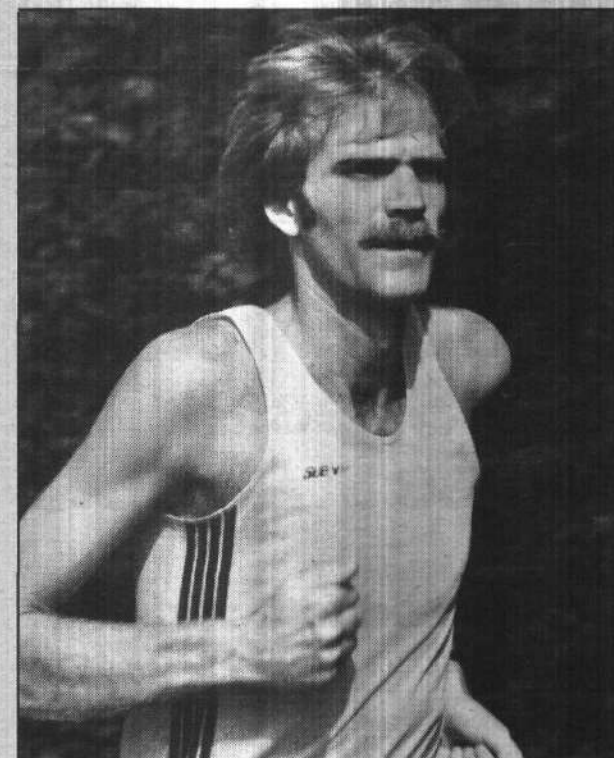

"I have had lots of compliments about it and my guests ask me for extra copies."

"We have had guests come to the office to say they enjoyed reading the booklets."

"They have asked if they could take them to show their friends."

## The Beginnings of an OT Civilization

In Ron's Journal 67 LRH said, "an OT cannot be an OT in a world which is insane." So part of moving up to an OT state is creating a sane world in which to live! The trained and processed Scientists who have helped to create these wins for us all are helping to bring about a Cleared planet and an OT Civilization. Lend a hand, and move up the Grade Chart in training and processing yourself. Write the Letter Registrar at ASHO Day, 1413 N. Berendo St., LA CA 90027 for details on your next step.

Ultra-marathoner John Radich uses the tech to keep going on extremely long distance races.

## What Scientology is Doing

\* 1955 by LRH.

by L. Ron Hubbard

**W**e need a better social order and not one or two better individuals. The control and direction of Man depends upon the goodwill and the good state of Man. It does not depend upon iron bars and handcuffs. It doesn't depend upon cells or electric shock machines.

A society is as sick as it has sick people in it. The way to make it well, however, is not necessarily to work only upon the sick and make them well. If the members of that society were sufficiently well and able themselves they would never apprehend the slightest difficulty in pulling out of the mud any fallen fellow.

Pulling people up and back into the ranks is not a function of an organization. It is a function and responsibility of Man himself. Pulling people back up into health and good fellowship and the game is not dependent upon a group of specialists. It's dependent on Man. And when helping one's fellows becomes a specialized action to be performed only by the anointed, to be performed only by somebody who wears the right star, badge or sign, Man's dead! Because the best of Man comes into being when he is willing to aid and assist any of his fellows and is permitted to do so. When men are made to feel that they do not have the right to aid and assist their fellows, but that Joe or Bill or somebody down the street is the only one who should be permitted to wave a magic wand or rattle a magic healing crystal, somebody better look at the society real good because it's not a well society.

Now it does not immediately presuppose that because a person has a RIGHT to heal that he is ABLE to heal. That doesn't immediately follow. But today we are at a level of understanding in Scientology sufficiently good that almost any human being alive could be put into possession of enough of that data to make anyone around him better — including himself.

And that is the goal toward which we are trying to win.

## History Making Scientology Event to Guarantee Religious Freedom

**O**n the 7th of October of this year delegates representing Scientologists from all over the planet went to Saint Hill in England to discuss ways to guarantee the future expansion of Scientology.

At this convention a Pledge to Mankind was written which affirmed the dedication of Scientologists around the world as a group to a common goal of "A civilization without insanity, without criminals and without war, where the able can prosper and honest beings can have rights and where man is free to rise to greater heights."

Out of this historic meeting an International Association was created for all Scientologists with the purpose to unite, advance, support and protect Scientology and Scientologists in all parts of the world so as to achieve the aims and purposes of Scientology.

The International Association of Scientologists is formed to:

Gather and unite all Scientologists on this planet and create a worldwide, strong true group through the contribution and participation of all Scientologists.

Support and further the dissemination and expansion of Scientology throughout the world to bring about a Cleared Planet in short order.

Ensure that, without question, Scientology will be delivered despite any effort to slow Scientology delivery or dissemination in any nation or continent around the world! It will guarantee that The Bridge™ to Total Freedom will be open to you, as a member, forever as well as to your family and friends.

The Association will support actions to tackle the oppression of Scientology and Scientologists directly by the dismantling of groups and organizations dedicated to the harming, oppression or control of Mankind and will directly support and assist all groups of whatever race, creed or color that are forwarding freedom for all mankind.

To assure the unimpeded expansion and delivery of Scientology, the Association will not take any action which would subject it to the power of any nation at a time when

Saint Hill Manor, site of the October convention of Scientologists.

that nation would tolerate, aide or engage in the harassment or oppression of any religion and individual freedom! It will take all appropriate actions to assure that all members of the Association may continue to practice and disseminate freely and continuously.

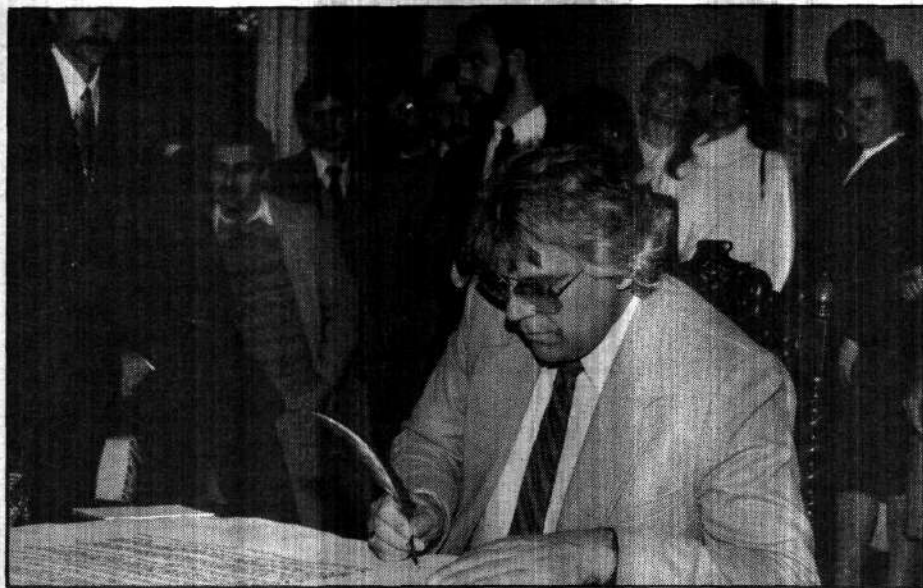

## You Can Join Now

You can join in the achievement of the Goals and Purposes of the Association, for it is your active involvement and contribution that the Association as a group, will be able to change conditions on this planet and reverse the downward spiral! See the Association Membership Officer at your local Church who will provide an application form and assist you in becoming a member of the International Association of Scientologists.

# The PLEDGE to MANKIND

As signed by the delegates to the October 7th convention at Saint Hill.

**T**ime and again, throughout the troubled history of civilization on this planet, new ideas, new religions and constructive thought have met with violent opposition. Such attacks come from those who would preserve the status quo and particularly from those who seek to preserve and enhance their position through the domination, subjugation and even destruction of others. For this reason new religions have been born in blood at the cost of great sacrifice and suffering by adherents. It is only through a unity of purpose and unswerving commitment by a dedicated group that new ideas and new religions survive and expand.

**S**cientology has been in existence now for some thirty-four years. During that time it has suffered all manner of attacks from the forces of oppression in various countries. Yet Scientology has survived and expanded because of the dedication of its members and because it is a force for goodness and freedom which is easily recognized by men of goodwill; despite the vicious lies which are spawned by those who would enslave mankind and which are carried by the media.

**S**cientology is experiencing the greatest expansion and prosperity in its history. International in scope, Scientology each week frees more people from the debilitating effects of drugs, ignorance and other sources of aberration and moves them on the path to greater awareness, self-respect and dignity than all other groups combined.

**Y**et as we have learned in our thirty-four years, whenever we expand, we are attacked, commensurate with that expansion. And today is no exception.

**I**n the United States, which was once thought to be a haven of religious liberty, we are the targets of unprincipled attacks in the court system by those who would line their pockets from our hard won coffers. Bigots in all branches of government, fearing the success of Scientology, are bent on our destruction through taxation and repressive legislation.

**W**e have been subjected to illegal heresy trials in two countries before prejudiced and malinformed judges who are not qualified or inclined to perceive the truth.

**I**n Canada and Germany, our Churches have been subjected to vicious raids reminiscent of the historical genocide attacks on religions that took place in "less informed" times and societies.

**T**he news media chooses to ignore the good works and miraculous successes of Scientology and instead seeks to poison public opinion through vilification of the religion and its Founder.

**T**he detractors of Scientology know full well that it is a proven, effective and workable system for freeing mankind from spiritual bondage. That is why they attack. They fear that they will somehow be threatened by a society which is more ethical, productive and humane through the influence of Scientology and Scientologists. Thus when we expand, to that degree we are attacked.

**U**p to this day, the responsibility for defending Scientology has been on the shoulders of a desperate few. And so it will continue in large measure.

**Y**et, in order to continue the quest for a new civilization where honest men have rights and freedoms abound, the assistance and dedication of each and every Scientologist and other men of goodwill is essential. The road may be difficult and may get worse due to the rapid decline of civilization and erosion of personal liberties at this time. But united in purpose and dedication, we shall prevail for the benefit of all mankind.

**W**e, the undersigned, pledge ourselves, without reservation or any thought of personal comfort or safety, to achieving the aims of Scientology: "A civilization without insanity, without war, where the able can prosper and honest beings can have rights, and where Man is free to rise to greater heights." [© 1965 by LRH]

**W**e invite Scientologists and other well-intentioned people everywhere to join us in this pledge.

**W**itness our hand this Seventh Day of October, A.D. 34,\* Saint Hill Manor, East Grinstead, Sussex, England.

## You Can Really Help Clear the Planet and Bring Total Freedom – Be an Auditor!

"If this world has any faintest chance of surviving it will not be because I write, but because auditors can and will think and do."

– L. Ron Hubbard, from "What I think of Auditors."

**S**omething effective can be done to help people! Auditors, people trained to apply Dianetics and Scientology tech, have, since the first release of Dianetics tech, been working to bring about the goal of a bettered world.

As an auditor, with an understanding of the mind and a knowledge of how life can be helped, you can create *sanity* in areas you influence. Ron has worked for years to make learning the skills of auditing others at a high level of excellence achievable for students. The result – the *training* side of the Grade Chart – is your step-by-step journey to greater understanding, ability and effectiveness in life.

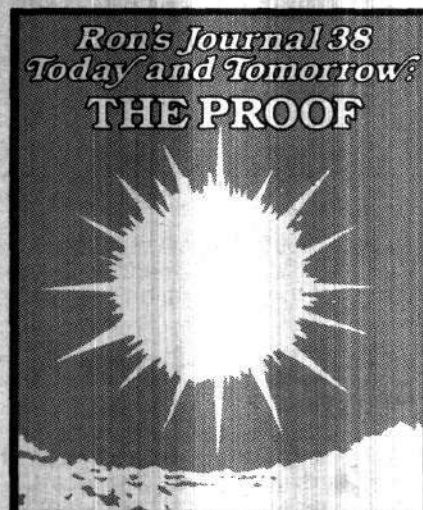

Lend a more effective hand in reversing the downward spiral mankind is on – after all, the fate of the planet is *your* fate as well – take your next step in Scientology and Dianetics training. Auditor training is available at every Church of Scientology in the world. Contact the Registrar at the Church nearest you (addresses are on the back of this issue). The Registrar will tell you what you should do next to become an auditor, and has information on scholarships for training courses.

## Write to Ron!

"I am always happy to receive communication from you as to how you are doing in Scientology and progressing on up the Bridge.

"I love your letters and I would miss them.

"I look on the SO #1\* line as the only way I have of hearing from my friends. I am interested, man! Why else do you think I work so hard? YOU!

"A man is as rich as he has friends – and that makes me the richest man in the world.

"So don't get the idea you are not heard and are out of comm with me: It isn't true. You are heard. And appreciated."

Love,

RON

## Focus on Success

# More Wins from Auditors on Training at ASHO

New Briefing Course student Bob Warner starts his Level A Checksheet

Briefing Course Level B student Lynn Ferry looks up a word in the comprehensive Briefing Course "hard to find words" file.

**I**'ve completed the Pro TR Course. "This has probably been the most difficult course I've EVER done.

"It seemed that every outpost that I've acquired since being in Scientology came up on this course and got handled, permanently! I can honestly say this basic course has handled all my problems and questions on communication.

"I feel as if I won't EVER have problems with comm again. What a win.

"Thanks Ron."

— David Hansen,  
Professional TR Course

"Level One has been the greatest course I've done in Scientology so far. Going through the level was a great adventure and I find myself more stable as a being and more able to help. I've increased my abilities to help and so I feel so much expansion. Thank you very much to Ron for being so great and wise to have discovered this fantastic technol-

ogy. My deepest appreciation to my supervisors and all who helped me."

— Luis Valdes,  
Class One

"Well, I'm a Class IV. I've wanted to be a IV for eight years and finally made it. I feel I can get the product and am happy that I could change people's conditions with this powerful stuff.

"Thanks to Ron for figuring it out."

— Alba  
Class IV

"I just completed Level 4! I really feel like I can HANDLE PCs and it's a nice feeling.

"Besides making an auditor out of me, the levels really make life simpler and more fun. These are definitely a vital part of the Bridge."

— Ralph Temps,  
Class IV

"What a lovely win — to be attesting to my first level on the Briefing Course! Truly a dream come true!

"However, it doesn't come up to sitting in an auditor's chair and actually witnessing your pc making life changing gains right before your eyes — that is a thrill beyond measure.

"Thank you — Ron, Supervisors, staff, and twins for helping make this possible."

— Glo Shemorry,  
Briefing Course Level A

"Checksheet B of Class VII has given me an understanding that transcends time. I know and will never not know again many of the mechanics of the bank. I am proud to be an auditor and I can and do use the tech daily in order to WIN in LIFE!"

— Van Masters, Level B

"Well, this is a Hell of a Course. I've had so much case gain — I went from being a back-offish auditor on this level to someone who gets in there and cares enough to help the pc get through it. Also, I got some great auditing myself. Con-

professionals are great! I'm in more control of my life than ever before and am creating it more knowingly and in present time."

— Ron Reinig,  
Briefing Course Level C

"Well, to listen to the last tape of the Saint Hill Special Briefing Course series was thrilling and saddening. One wants to go on forever, then the thrilling part is one will — this information is ours to apply

for the benefit of beings everywhere, everywhen.

"I am honored to be Ron's friend and I am.

"I am honored to be part of the team, and I am.

"Thanks to Ron. Thanks to the ASHO team. I love and respect you all."

— Clark Carr,  
Briefing Course Level E

# THE "GRADE CHART" OF BOOKS

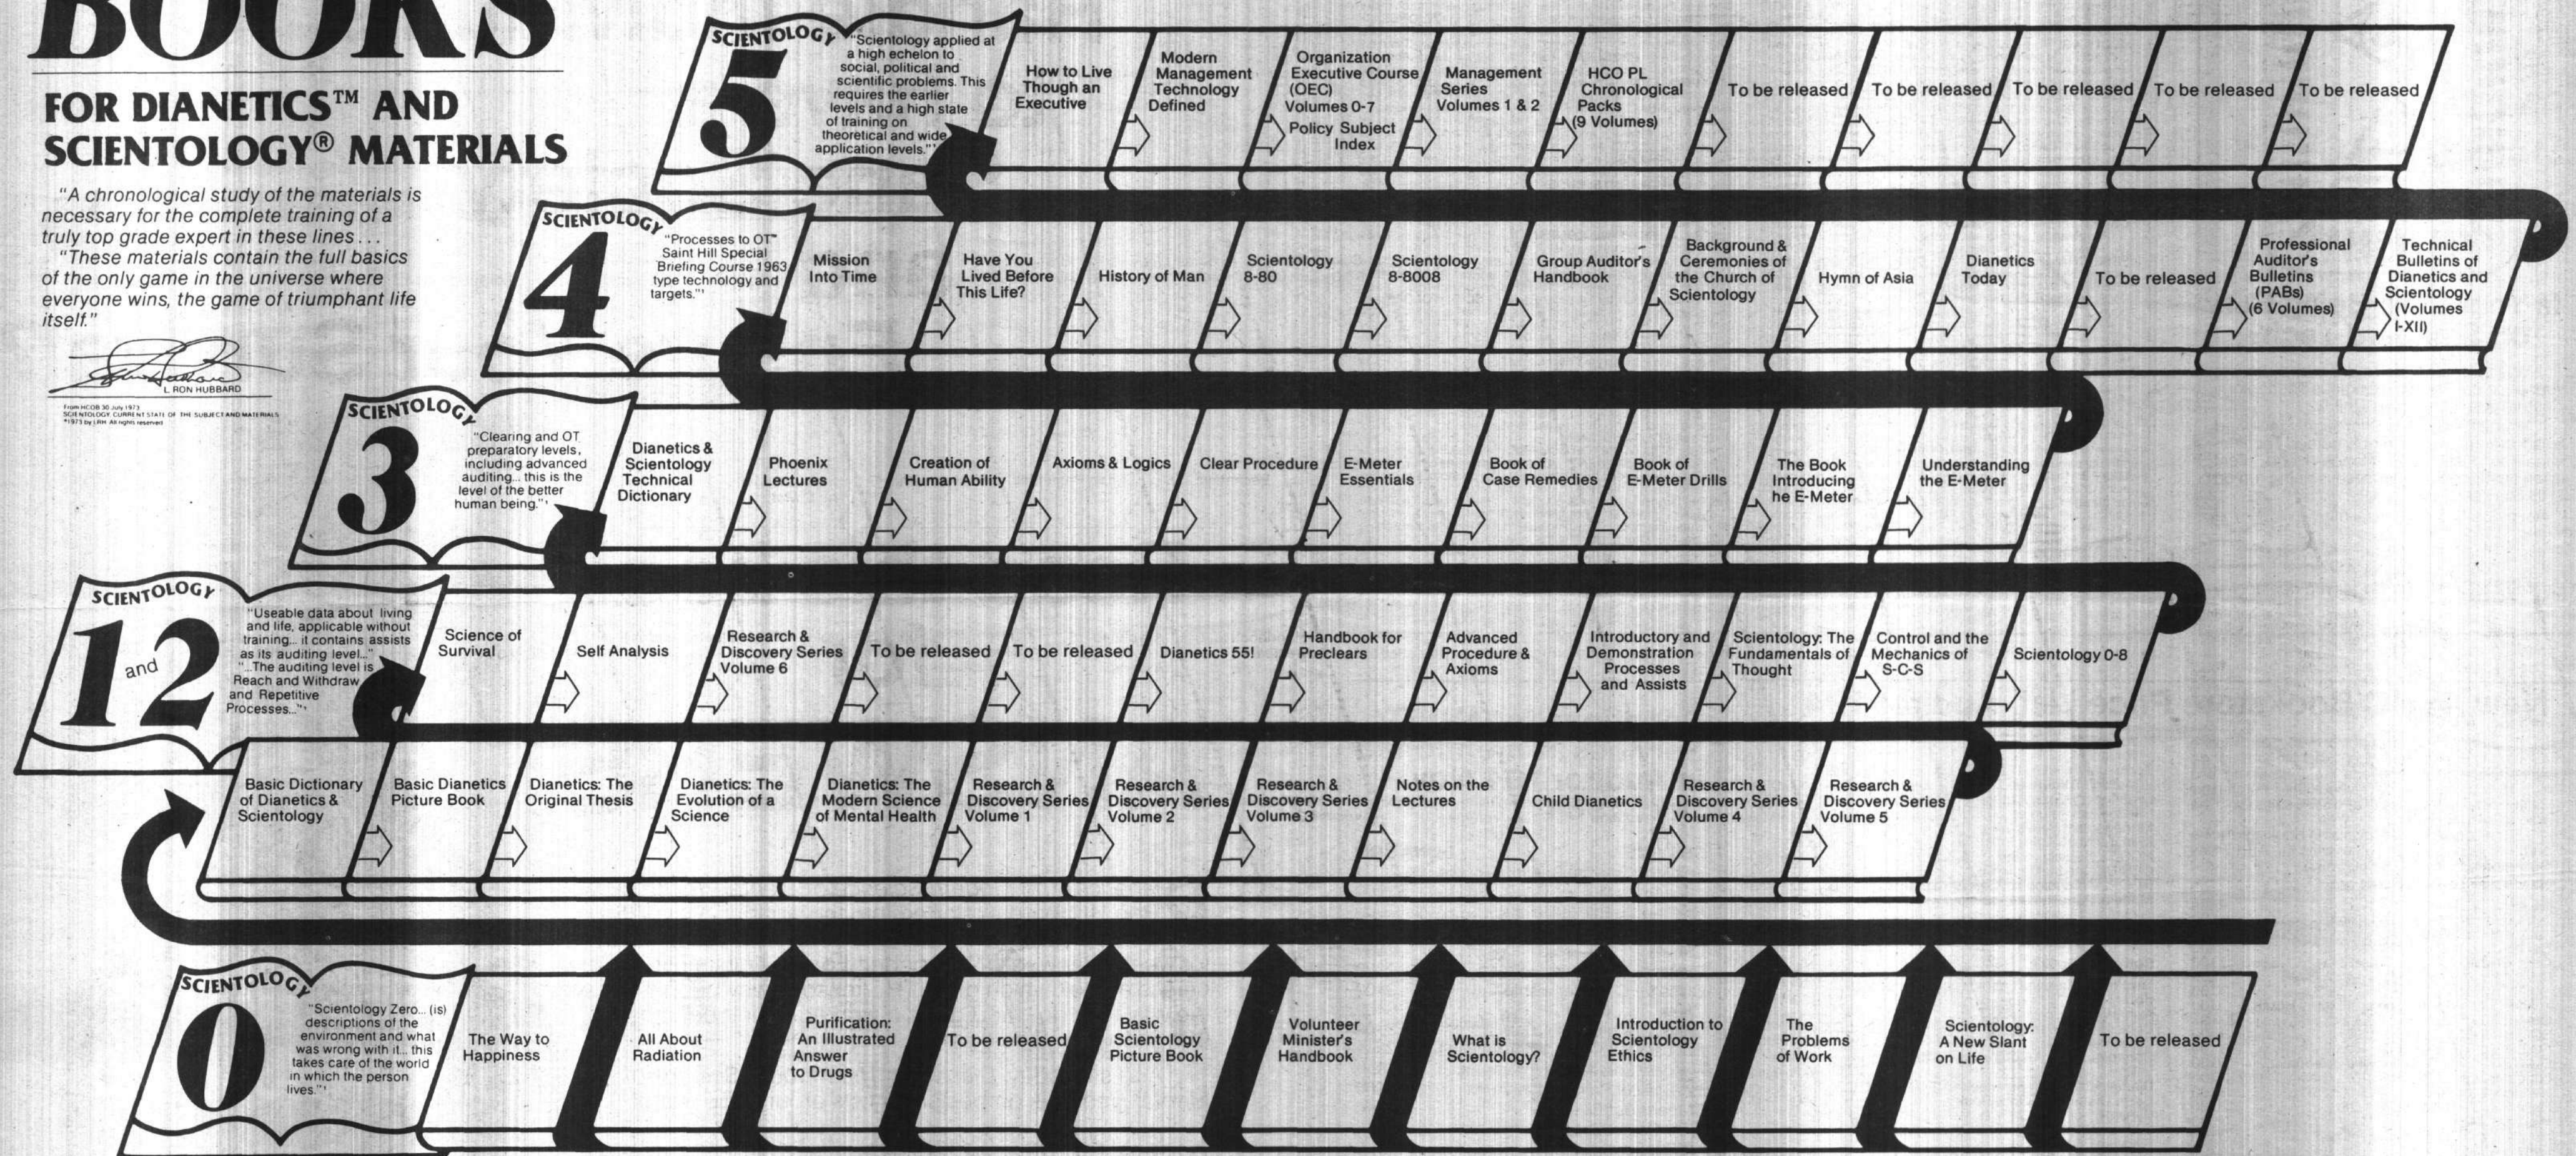

## FOR DIANETICS™ AND SCIENTOLOGY® MATERIALS

"A chronological study of the materials is necessary for the complete training of a truly top grade expert in these lines..."

"These materials contain the full basics of the only game in the universe where everyone wins, the game of triumphant life itself."

SCIENTOLOGY CURRENT STATE OF THE SUBJECT AND MATERIALS  
©1973 by LRH. All rights reserved.

### How to use this chart

#### 1. SCIENTOLOGY 0.

This is the basic introductory level of the material for these subjects. These need not be read in any specific order. A person may read any titles at this level in any sequence. It is recommended, however, that ALL of the titles be read in order to gain the full benefit of this level. From here, you will begin the next section.

#### 2. SCIENTOLOGY 1-5.

Begin at the left of the column marked "SCIENTOLOGY 1 & 2" and proceed to the right as indicated by the arrow. When you complete one column, begin at the left of the next one above it, until you have completed the entire chart.

3. You may begin the chart above "SCIENTOLOGY 0". While there is nothing wrong with this, the titles which are below the point where you have started should be read as quickly as possible, to ensure that you DO receive the full basics and are able to continue with no difficulties.

4. In your studies of Dianetics technology and Scientology philosophy, you may be required to read certain titles out of the sequence presented here. Read the materials required, and ensure that you complete your reading of the other titles as QUICKLY AS POSSIBLE to ensure that you obtain the FULL benefit of the subject.

5. From time to time, additional titles will be released. If these appear in a section that you have already completed, ensure that you read these additional titles as soon as possible.

6. Copies of the titles here can be obtained at your local Scientology church or mission; or, if unavailable, these can be gotten directly from one of the Publications Organizations listed to the right.

## "Being Clear . . .

... gives one the *potential* of being and makes the being rather easy, and fun."\* — L. Ron Hubbard.

The reactive mind, the part of the mind that acts out of the person's control on a stimulus response basis, has kept mankind caged for eons and has prevented him from soaring to long-dreamed of states, greater abilities and understandings.

Now it is possible, though, to operate on full self-determinism without being dictated to by the reactive mind, as Ron has made it possible to go Clear by going up the Grade Chart in Scientology and Dianetics Auditing! A Clear is someone who has *handled* his reactive mind — for good!

Gain the priceless freedom to be fully yourself. Sign up for your next step on the Grade Chart to Clear. Write the ASHO Day Registrar today!

## Ron's Birthday Message —

Hello!

Another birthday has arrived and I have more than just another year to celebrate.

I am indeed well and trust that you too are in good health and that you are making progress up the bridge.

As you know, I have been busy researching the upper OT® levels. I am pioneering an area where no man has ever been and finding the answers to questions that have been asked but never answered.

As one progresses up these stellar levels, one becomes increasingly aware that this planet and this physical universe has hit the end of the trail and Dianetics™ and Scientology® are the only hope for the future.

Only we have the tech to uncover the mysteries of the past and set man free. And only we can give man back his identity of self.

In the work we have done and the many spectacular results being attained daily around the world, we have far far exceeded any target of ANY past religion or philosophy.

And if that wasn't enough, the researches I am doing are to guarantee that these vistas when attained shall always remain.

All this and much more, is for you.

For you my friends are the ones making it all possible. Without your help, the road would have been impossible to travel.

I am truly grateful of your support and hard work. I thank you for being there and doing all you do.

And it is YOU that makes my birthday something very special indeed.

For your friendship and love and all your good wishes are something that I cherish most dearly.

You make me feel very prosperous.

And boy do I feel good!

Please have a wonderful party!

All my love,

RON

## The Goal of Training

by L. Ron Hubbard

\* 1967 by LRH

**S**cientology is a science of life. It is the one thing senior to life because it handles all the factors of life. It contains the data necessary to live as a free being. A reality on Scientology is a reality on life.

The game of having a science of life around is something that has ordinarily been held down by those who have bent it to their own desires. If they did know anything about life, they didn't let anybody else in on it. In Scientology we're playing a different game because we are letting somebody else in on it. We're not operating as a secret society trying to pull power out of the society by just letting what we know remain unknown. That is a fine way for an individual or group to perish!

My own philosophy is that one should share what wisdom one has and should help others to help themselves. I have never seen wisdom do any good kept to oneself. If you would care to investigate savage cultures, of which I have investigated a few, you would discover that it is ignorance itself, it is lack of wisdom in that community, which brings about terror, injustice, maltreatment, decay and deterioration. Wisdom afloat in a culture makes the culture. The very definition of culture could be summated — the amount of technology, knowingness, wisdom, in existence in the society.

In our western culture, the humanities have been far outstripped and over-balanced by a technology appertaining only to the physical universe and leaving out of its computation — the mind, life, beingness. Man's ability to handle destructive physical universe forces is far, far greater than his ability to handle himself. He is in a precarious state of existence and needs a road to travel to a higher and far happier state of existence, with similar resultant improvements in his societies. He needs a road to carry him away from the inhumanity and barbarity with which he has been forced, through lack of enlightenment, to handle his affairs.

As Scientologists, we find ourselves the sole guardians of the only road to the highest states of existence — Clear and beyond. (A Clear is a thetan, or being, who has no reactive, or stimulus-response, mind and who can be at cause knowingly and at will over *mental* matter, energy, space and time as regards the First Dynamic [survival for self].)

The route to the highest states has been sought by Man in the fields of religion, mysticism, spiritualism, philosophy, mental arts, metaphysics, science and allied studies. Vast libraries could be filled with the scraps of information gathered in the course of this search. The great achievement of Scientology has been the culling of truth from this sea of data and finding that the truth has a tiny group of data possessed of the overwhelming power of

changing all other facts in this universe and in livingness.

The opening of the road depended upon the success of codifying this information so that it could be relayed to others.

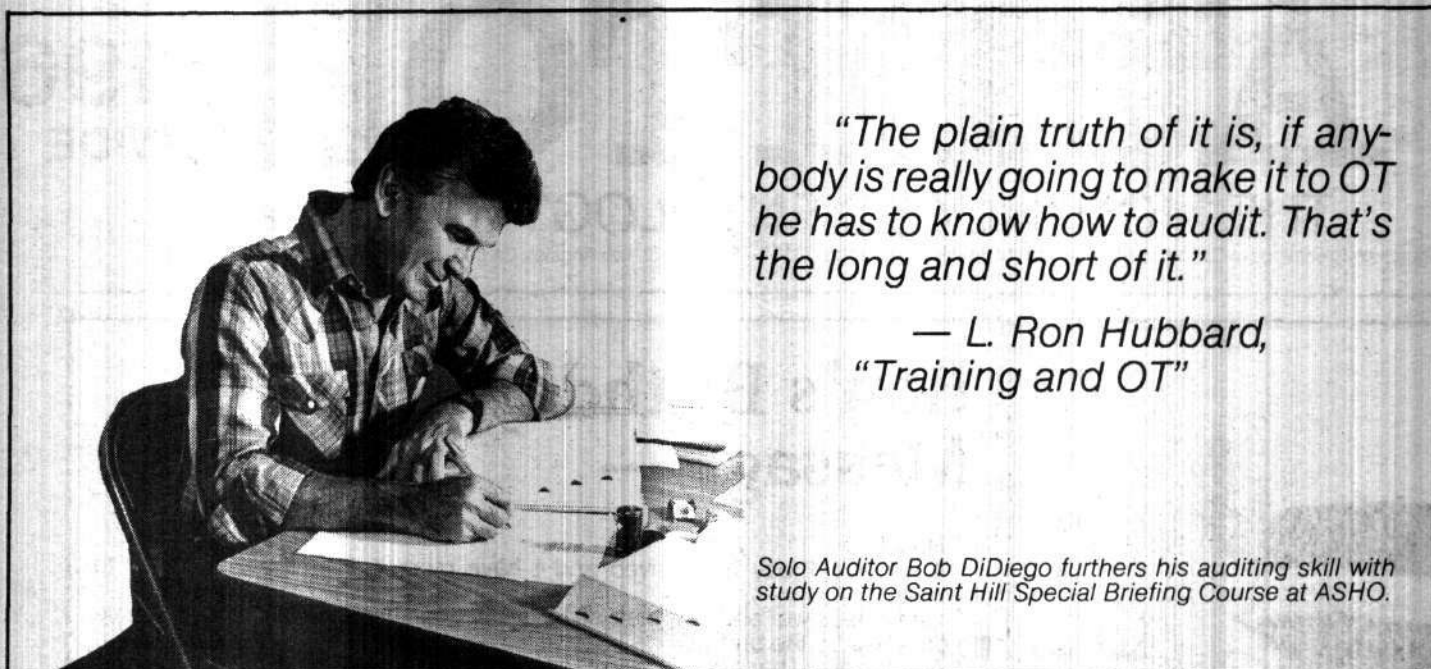

Scientology research has resulted in a full range of completely successful techniques for improving conditions in life. Now you could have techniques for improving the state of an individual and have them sit in a book for 8 billion years without raising the ability or improving the condition of a single person in the entire human race. Techniques have to be administered. They are administered by the most valuable beings on this planet — trained Scientology Auditors. An auditor is a person trained and qualified in applying Scientology processes to others for their betterment. (A process consists of a set of questions asked by an auditor to help a person find out things about himself or life.)

Auditors are being trained at Saint Hill and in the Academies of Scientology Organizations throughout the world. They learn to perform flawlessly as auditors, to run certain exact processes, and to obtain results with these processes by auditing well and exactly. The auditing skill acquired is a discipline in living and a know-how of the parts of life. It is something *new* in the universe. Training is the bridge between the student's own learning and experience and livingness and the data which is offered to him in Scientology. It is a bridge from every human being to a science of life.

It will take a lot of auditors to have a civilization without insanity, without criminals and without war, where the able can prosper and honest beings can have rights, and where Man is free to rise to greater heights. There is a mission for each auditor. The mission of Scientology is not conquest, it is civilization. Scientology works, not to harangue men toward impossible freedoms, but to make Man civilized enough to be worthy of his freedom. Scientology's goals are well within the grasp of its technology used by trained Scientologists. As Scientologists, we seek the evolution to higher states of being for the individual and for society. By equipping more and more Scientologists through training, with a brilliantly workable technology, we are achieving our aims.

from The Auditor Issue 27.

"The plain truth of it is, if anybody is really going to make it to OT he has to know how to audit. That's the long and short of it."

— L. Ron Hubbard,  
"Training and OT"

Solo Auditor Bob DiDiego furthers his auditing skill with study on the Saint Hill Special Briefing Course at ASHO.

## Training and OT

by L. Ron Hubbard

© 1982 by LRH.

**O**n Solo levels you deserve the best auditor you can get: You.

Auditor training is highly recommended whether you plan to audit professionally or not. "Getting trained", as a Solo auditor, does not simply mean to do the Solo courses. Training up to the level of a Class IV/NED auditor who knows his business is the most positive assurance there is that you will make it to OT.

It's all right for these guys in lower grades to be pcs — that's fine. But there comes a point as you move up the Grade Chart when your lack of auditing skill starts hitting you in the teeth and you won't make it to OT at all. You're walking straight into the tiger's lair on New OT VII and you'd better be good!

Recently some Solo NOTs auditors reported that they were just giving themselves a session a week "to keep their ruds in". What was actually occurring was that they were trying to make it to OT without being sufficiently trained, and giving as an excuse that, well, they're just keeping their ruds in. If those Solo NOTs auditors knew what was ahead of them up the line they sure would not be monkeying with that.

The plain truth of it is, if anybody is really going to make it to OT he has to know how to audit. That's the long and short of it.

You wouldn't put yourself and your case in the hands of an untrained or poorly trained auditor, would you?

You owe yourself the best auditor in the world on Solo, and that is you.

So get trained.

## The PURIFICATION Rundown

can be your key to a brighter, happier, and more causative life!

Long after they enter your body, drugs toxic chemicals can have a restimulative effect, causing you to seem duller and less able. Drugs can even retard your progress in *Dianetics* and *Scientology* auditor training by making it difficult to study.

A special procedure to handle this problem was developed by Ron. The Purification Rundown, like a cleansing flow of pure water, clears the way to new vitality, energy and greater perception. The ability to see clearly what you read, and to absorb and retain it can increase enormously. Study can become exciting and adventurous — and far easier than before!

Experience the invigorating freshness of the Purification Rundown. Don't let past drugs and toxic substances dim your

life for another moment. Get rid of them.

Call the ASHO Day Registrar or write the ASHO Day Letter Registrar and sign up for the Purification Rundown today! The required donation for the rundown is listed in the insert with this issue.

"We are not concerned with handling bodies with the Purification Rundown. Our concern is freeing the individual up spiritually. The only dosages recommended are those classified as food. There are no medical recommendations or claims for it. The only claim is future spiritual improvement."

"This data is released as a record of researches and results noted. It cannot be construed as a recommendation of medical treatment or medication and it is undertaken or delivered by anyone on his own responsibility. I receive no percentage of fees for administering this rundown and my development of it is a contribution and gift to my friends."

## New Release! Be More Causative Across The Dynamics!

**R**esearch and Discovery Series Volume 7 has been released! This is the latest volume in the chronological set of Ron's taped lectures — the record of the journey from earth civilization to the OT Levels!

The Research and Discovery Series Volume 7 is Ron's most basic and understandable book on the use and application of the tone scale in life — vital tech for anyone who wants to restore his self-determinism and that of others!

In this volume, Ron covers tech for cleaning up your own goals and purposes in life! By using the techniques and principles Ron taught in the lectures in this volume, you can raise the survival level of your family, your friends, yourself — and you can use it to bring Scientology philosophy home to others. A whole section of this volume, for example, is devoted to the use of tone scale technology in dissemination. The volume contains within its first few chapters valuable tools for FSMs: a complete course, given by LRH at the public level, in the anatomy and application of the tone scale in business, as well as in life and livingness, a course designed by Ron in 1951 to create higher reality in the community for his organization.

And there's more in this volume of the incredible Research and Discovery Series — lots more!

## Expansion News

### Class VII Auditor Creates Inroads in Mainland China

**A**s the Scientology religion expands at a new, unprecedented pace, many eyes turn to the few areas in the world where there is not yet a lot of Scientology activity. One such area is the densely populated country of China. Briefing Course graduate Bruce Flattery followed up on his interest in Scientology expansion and spent nearly four years in China teaching at Nanjing University.

Bruce, who did the Saint Hill Special Briefing Course at ASHO in 1974 and 1975, used the tone scale and study tech to help his students understand his subject, English Literature. With his wife Lauren, also a Scientologist, he gave a lecture on the use of LRH Study Tech to 500 interested people, made contacts for future expansion, and left a number of LRH books.

Bruce found China to be a very different place than his native Canada and the US, and such basics of Scientology tech as Ron's policy, "Manners" were very useful in dealing with the strange customs and beliefs. Bruce found his studies on the Briefing Course of immense value to him:

"You just get such a day by day detailed get-a-chance-to-go-out-and-try-it-on-your-pc-to-see-if-it's-true view of things on the Briefing Course that you come out of it very confident that you know what human beings really are and what makes them tick and what barriers they're going to put in your way that that isn't really them and how they get into groups and the groups have certain kinds of trouble and things like that. Between listening to a couple of LRH tapes a day and reading LRH tech and auditing 3,4,5 hours a day, you have a really concrete experience of how the tech works, and so when you go out and confront a really unfamiliar scene, which is what China was to me, you've got a whole lot of stable data and nothing is really surprising."

Right now the first Scientology materials have been translated into Chinese, have been printed and a Chinese publisher has requested publishing rights in China.

# Focus on Success: Scientologists Train at ASHO for Wins Like These . . .

Cathy Dobson receives her certificate for the Professional TR course. A certificate for a Dianetics or Scientology Course represents hard work by the student and the ability to actually put the material of the course to use.

**E**ver since 4th grade I have felt totally stupid on the subject of grammar. To the point where I would almost cry if I go too involved with it. Now at the age of 33 after one short course I feel like I at least have my basics in and am no longer intimidated by this subject. Only in Scientology Churches where people *want* everyone to win would the come up with a course like this!

LB  
Grammar Course

I can study! Whenever I approached something I had to learn I always had the beginning "want to" but somehow never ended up studying *all* the way through. Now I know why! I know I can finish and learn what I study. I don't mean only our courses — but anything. It's very valuable for anyone. I'm very happy this Student Hat study course is here for us. Thank you everyone and to Ron a lot of thanks.

CR  
Student Hat Course

I've been having incredibly terrific wins on my Pro TR Course. Just today I was listening to a tape, *Scientology and Effective Knowledge*, and I had the most

amazing cognitions about life and what Scientology philosophy really is and why it works. It is without question the only way out. In Scientology philosophy one is *observing* for oneself and one is communicating for real. With love and affinity for Ron,

AG  
Professional TR Course

I received data on this course that I have wanted for a long time. The data is just *INCREDIBLE!* Thanks a lot to my supervisors and to LRH.

PN  
Level I

What LRH had to say about problems in the tapes and references — how we've "solved" them, how to solve them — just about blew me over. And the data in the tapes section comes to my mind all the time — especially on handling "not enough time".

NB  
Level I

What a great level! The best to date of any course, that's any course! I really know what it is to audit and get results.

This course really makes you into a product. My gratefulness to my supervisors and C/S but especially to LRH for having the courage and persistence to continue in the face of all that said "no"

PL  
Level II

Well, this is definitely the most comprehensive course I have done in Scientology training. Many many hours spent studying, drilling and auditing really paid off in technical and philosophical certainty and nice pc wins. I have huge respect and appreciation for the course sups and the C/S, all the fine coaches who spent countless hours drilling with me, and all the tech staff of ASHO Day, the best I have seen and of course to LRH for developing and communicating the data, a truly wise and courageous man. This is a step well worth taking and loaded with phenomenal data about man and the universe. Level II had definitely been an adventure and I will definitely never be the same again!

DK  
Level II

I feel *wonderful!* This level puts together all the previous levels and gives you a real understanding of what the bank is and how it works. I feel at a much higher cause level in auditing and in life. And I feel calm about it all — which is really nice. And one thing I discovered is that my most favorite thing in the whole world is sitting in a chair and auditing someone.

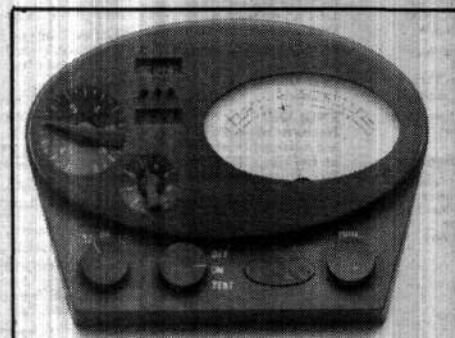

NES  
Level III

On Level II, by the time I'd finished I felt I could handle any pc in session. Now, I can handle them even better because I have more readily available tools and tech! I must say I *really* enjoy auditing now! That's a nice feeling to have! My thanks to all especially Ron!

LCL  
Level III

I have wanted to be a Class IV Auditor for a very long time. It's terrific to have all the data on the levels.

I just had a wonderful, wonderful session from my twin on the SHSBC™ course! Additionally, the training I'm doing on the SHSBC made the relief more meaningful. As a preclear, I knew what needed to be communicated in response to the question. As a *trained* Scientologist I knew the mechanisms at work (knowing how a being operates). This knowledge was not destructive to session but enhanced the win as I knew what was happening in a very big way. My auditor and I were really a team and were *greater* to the case because of my training and his auditing. A warm thank you to LRH for researching the tech and making it possible for all of us to know how to know.

NB  
Briefing Course Student

Class VIII is the top of the technical training available on the Bridge. It's really Ron's personal course and was the big start in the era of "Standard Tech" being used and applied all through Scientology. As Ron says, it isn't "a process" but how a process is run correctly to its own EP. Basically it's the way *Ron* audits, I feel much more calm and certain about my auditing. I know my TRs and metering are exact and my understanding of the tech of auditing is comprehensive and unshakable. We need *more* Class VIIIs as they really establish and hold Ron's personal standards for excellence in Scientology technology. Thank you, Ron.

## Church Action Gaining Rights for Scientology Ministers Seeking Self-Employment Tax Exemption

In August, 1981 a suit was filed against the Internal Revenue Service by the Church of Scientology Celebrity Centre and certain Scientology ministers across the United States.

The purpose of this suit was to restore rights for Scientology ministers due to the IRS's persistent and continuing refusal to grant exemptions from self-employment taxes to ordained ministers of the Church of Scientology, who are entitled to such exemptions under the law. This was filed as a "class action", meaning a lawsuit brought by representative members of a large group of persons on behalf of all the members of the group.

In January, 1985, attorneys representing both sides in the suit came to a written agreement on a settlement of the action. This proposed settlement was presented to the Judge in the case in January of this year.

The judge has not made a decision on the proposed settlement yet, but ordered that all of the Scientology ministers involved be informed of certain rights and privileges they have in the matter before the settlement is decided on by the judge. A hearing on this is to be held on May 15, 1985.

You may be one of the ministers to whom this applies, who has applied to the IRS for self-employment tax exemption. A formal notification to Scientology ministers follows. If it applies to you, it is important that you read it carefully and understand each part of it.

Any questions may be directed to Joan Long, Legal Division, Office of Special Affairs U.S., 4833 Fountain Ave., L.A. Calif. 90029. (213) 663-0329.

### LEGAL NOTICE TO CLASS MEMBERS

Pursuant to Rule 23 (c) (2), (d) and (e) of the Federal Rules of Civil Procedure, YOU ARE HEREBY NOTIFIED:

1. There is now pending in this court a civil action for damages and declaratory and injunctive relief for alleged violations of the law governing exemptions from federal self-employment taxes for duly ordained ministers of a church, and alleged violations of the First and Fifth Amendments to the United States Constitution. This civil action is a class action brought on behalf of a class of plaintiffs described in detail in paragraph 5 below. This notice is being provided to you in the belief that you are or may be a member of this class of plaintiffs, whose rights may be affected by this litigation.

2. This notice is not to be understood as an expression of any opinion by the court as to the merits of any of the claims or defenses asserted in this litigation, but is sent for the sole purpose of informing you of the pendency of this litigation so that you may make appropriate decisions as to what steps you may wish to take in relation to this lawsuit.

3. The complaint filed on August 20, 1981, and as amended on May 6, 1983, seeks to redress alleged deprivations of statutory and constitutional rights stemming from (a) the Internal Revenue Service's practice of unreasonably delaying or holding in abeyance and not ruling on applications for exemption from self-employment taxation filed by duly ordained Scientology ministers; and (b) the Internal Revenue Service's practice of denying such applications filed by duly ordained Scientology ministers, without including any statement of reasons with the denials. Said deprivations are alleged to be the result of discrimination against Scientology ministers.

4. The defendants named in this action are Roscoe L. Egger, Commissioner of Internal Revenue, in his official capacity only, and the following past and present officials of the Internal Revenue Service in both their official capacities: Meade Whitaker, Barbara Bird, Lewis J. Hubbard, Lawrence Gibbs, John B. King, Mary Spates, Joseph A. Tedesco, John Hanlon and Milton Lichtman.

5. The class of plaintiffs in whose behalf this action has been brought, as set forth in the amended complaint, consists of:

- all Scientology ministers ordained by Churches of Scientology, whose applications for exemption from self-employment taxation under 26 U.S.C. § 1402(e) have been denied between 1971 and the present without stated reasons for such denial; and
- all Scientology ministers ordained by Churches of Scientology, whose applications for exemption are being unreasonably delayed or held in abeyance by the IRS.

6. The named plaintiffs in the amended complaint representing the above-described class members are Catherine Ryan, Ronald J. Walker and Gregory Layton. Also named as plaintiffs in the amended complaint are The Church of Scientology Celebrity Centre, Los Angeles, on its own behalf and on behalf of its members; Jeffrey Lee Shriver; Robert Graves and Thomas Atkinson.

7. All named plaintiffs and the class of plaintiffs are represented by Stephen H. Glickman, Esquire, of Zuckerman, Spader, Moore, Taylor & Kolker, 1201 Connecticut Avenue, N.W., Washington, D.C. 20036.

8. All defendants named in this action are represented by John J. McCarthy, Esquire, and Michael J. Kearns, Esquire, of the Tax Division of the United States Department of Justice, Washington, D.C. 20530.

9. On January 23, 1985, the attorneys for the parties in this action entered into a proposed Settlement Agreement, subject to the approval of the court and to other terms and conditions set forth therein. The proposed Settlement Agreement is set forth verbatim in the Appendix to this Legal Notice to Class Members. In pertinent part, the Agreement provides that:

- Scientology ministers whose applications for exemption from self-employment taxation were denied in the past without any statement of reasons may reapply for exemption, and that new applications received under this provision shall be deemed timely filed if the Scientology minister can demonstrate that the application that was denied was timely filed in accordance with the provisions of Section 1402 (e) of the Code and if the new application is filed within one year of the effective date of the Settlement Agreement.
- The Internal Revenue Service shall provide a statement of reasons for the denial of any applications of Scientology ministers for exemption from self-employment taxation, and this provision will apply to all such applications, including those now pending, which are denied after the effective date of the Settlement Agreement. The Internal Revenue Service shall make a reasonable good-faith effort to advise the applicant ministers of all reasons for the denial of their applications.
- The Internal Revenue Service will process and determine all applications of Scientology ministers for exemption from self-employment taxation with all due expediency.
- With respect to all applications from Scientology ministers for exemption from self-employment taxation which are received at any time after the effective date of the Settlement Agreement, the Internal Revenue Service shall not unreasonably delay their determination. Scientology ministers whose applications for exemption from self-employment taxation were timely filed in accordance with the provisions of Section 1402(e) of the Code, and which were denied in the past without any statement of reasons or solely because their ordaining church had not received a ruling letter from the Service recognizing exempt status under Sections 501(c)(3) and 170(b)(1)(A)(i) of the Code, may timely reapply (within the meaning of paragraph (a) above) and obtain the self-employment tax exemption if the minister can demonstrate that he/she qualified for the exemption under Section 1402(e) of the Code at the time of the original application. Self-employment taxation exemptions granted to Scientology ministers under this provision of the Settlement Agreement shall be deemed retroactive and applicable to each preceding year in which the applicant minister meets all the requirements of Section 1402(e) of the Code.

The applications shall be deemed timely filed if the initial application was timely filed and the reapplication is filed within one year of the effective date of the Settlement Agreement.

- Scientology ministers who reapply for exemption from self-employment taxation under paragraph (a) above shall not be held liable for or assessed back self-employment or other social security taxes for the period from the first taxable year for which they have net earnings of \$400 or more, any part of which was derived from the exercise of their ministry, up to the date of their reapplication pursuant to paragraph (a), if their reapplication is approved by the Internal Revenue Service. However, refunds of Self-Employment Contribution Act taxes, or other social security taxes, if applicable, for earnings in the exercise of the ministry shall be

limited to years not barred by the statute of limitations.

10. By order of United States District Judge John Lewis Smith, Jr., entered on February 1, 1985, a hearing on the advisability of the Settlement Agreement will be held on May 15, 1985, at 10:30 AM, in Room 6600 of the United States Courthouse, Washington, D.C. 20001.

NOW, THEREFORE, IF YOU ARE A MEMBER OF THE CLASS OF PLAINTIFFS DEFINED IN PARAGRAPH 5 ABOVE, TAKE NOTICE:

A. You will be deemed to be a party to this action and will be included in, and bound by, the judgment of this action, whether favorable or unfavorable, unless, on or before April 30, 1985, you file a written election to be excluded from the class of plaintiffs. Such statement shall be in substantially the form set forth in Exhibit 1, attached hereto.

B. Your election to be excluded from the class, and all other documents to be filed of record in this case, should be addressed to:

Clerk  
United States District Court for the District of Columbia  
Washington, D.C. 20001

C. If you do not elect to be excluded from the class of plaintiffs, you may, but need not, enter an appearance through counsel if you desire, and you have all the rights and obligations set forth in Rule 23 of the Federal Rules of Civil Procedure.

D. If you do not elect to be excluded from the class of plaintiffs, you have the right, if you choose, to object to the fairness and adequacy of the Settlement Agreement at the hearing to be held on May 15, 1985, provided that by April 30, 1985, you give written notification to the Court and to undersigned counsel of your intent to file objections.
